About Me

Final year Computer Science undergraduate with a strong foundation in full-stack web development, with hands-on experience building applications using the MERN stack. Seeking a Software Engineer internship to apply technical problem-solving skills and contribute directly to product development.

Skills

Programming Languages: C, JavaScript, PHP, SQL, HTML, CSS

Technologies: React, Node.js, MongoDB, Express, Tailwind CSS

Tools: Git, Figma

Education

University of Colombo

BSc. Computer Science, Expected graduation 2026

Projects

Pet care management | Full-Stack MERN Application

[github.com](#) 

- Engineered the pet owner modules of the full-stack MERN application, focusing on user authentication and appointment scheduling.

TravelBug | Responsive Travel Website Frontend

[github.com](#) 

- Developed a fully responsive front-end for a travel agency website using Tailwind CSS and HTML5
